Star Youth Association (SYA)

Empowering Communities. Building Resilience. Transforming Lives.

45+ Years of Community-Cantered Development Excellence

SECTORS: Environmental Sustainability | Children, Youth & Women's Empowerment |Education| Healthcare | Entrepreneurship/Skills Development Trainings

Since 1980, Star Youth Association (SYA) as Village-Based Youth Association carried-out Velugodu based community development & welfare initiatives.

Since 1992, SYA has been partnering with vulnerable communities to create sustainable solutions that improve lives, strengthen local institutions, and build resilient futures.

Working across rural and underserved regions, SYA combines grassroots experience, technical expertise, and community participation to deliver measurable and lasting social-economic development impact.

OUR REACH

45+ Years of Development Experience

Multi-State Implementation Experience

Government & International Donor Partnerships

Strong Community Trust and Local Presence

Proven Expertise in Community Mobilization

Our Vision

People inhabiting the SYA operational area do not violate human rights; ensure social justice; and share local resources equitably, irrespective of gender, caste, creed, religion and political affiliation.

Our Mission

Bring and hold together youth of all classes for mutual help and service to the society, especially vulnerable sections; by promoting self-managed, community-based institutions, leading to sustainable development.

OUR IMPACT

Creating Sustainable Change Across Communities

OUR CORE PROGRAMME AREAS

💧 Water Security & Climate Resilience

1. Groundwater Governance
2. Water Security Planning
3. Climate Change Adaptation
4. Watershed Development
5. Water Conservation and Recharge
6. PRIs Water Governance
7. Safe Drinking Water & Sanitation

SYA has supported rural communities in developing climate-resilient water management systems through participatory planning, institutional strengthening, and sustainable resource management.

🌾 Sustainable Livelihoods & Agriculture

1. Natural Farming Promotion
2. Climate-Smart Agriculture
3. Skill Development Programmes
4. Nutritive focused Agriculture: Organic Seed Savings
5. Income Generation Initiatives

Our livelihood interventions enable households to improve productivity, diversify income sources, and strengthen resilience against economic and climate-related challenges.

👩 Women Empowerment & Gender Equality

1) Women Leadership Development
2) Microcredit: Livelihood Promotion
3) Entrepreneurship Support
4) Educational Assistance for Vulnerable Families
5) Financial Inclusion
6) Vulnerable Women's Access to SHGs formations & Networks

SYA places women at the centre of development by strengthening leadership, economic independence, and decision-making capacity.

👧 Child Rights & Education

1. Educational Support
2. Child Protection
3. Care for Vulnerable Children
4. Seasonal Hostels
5. Nutrition and Health Support
6. Child Rights Awareness

Every child deserves safety, education, dignity, and opportunity. Our programmes focus on protecting and nurturing vulnerable children to realize their full potential.

TRANSFORMING LIVES

Delivering Lasting Social Impact

WATER GOVERNANCE & COMMUNITY RESILIENCE

SYA has been a trusted implementation partner in major water governance and community development initiatives, supporting village institutions, local governments, and communities in promoting sustainable water management.

Through participatory approaches, communities are empowered to plan, manage, and conserve water resources while improving agricultural productivity and climate resilience.

Key Outcomes

✓ Strengthened Community Water Institutions
✓ Improved Water Resource Management
✓ Enhanced Climate Adaptation Capacity
✓ Increased Community Participation
✓ Sustainable Local Ownership

CHILDREN, YOUTH & WOMEN'S EMPOWERMENT

Women play a critical role in sustainable development.

SYA supports women through leadership development, skills training, entrepreneurship promotion, and educational support initiatives that strengthen household resilience and economic security.

Results

✓ Improved Income Opportunities
✓ Greater Social Participation
✓ Enhanced Leadership Skills
✓ Increased Economic Independence
✓ Improved Access to Government Services

CHILD DEVELOPMENT & EDUCATION

SYA has worked extensively with vulnerable children by providing educational assistance, nutrition support, safe care environments, and protection services.

Results

✓ Improved School Retention
✓ Better Access to Education
✓ Enhanced Child Protection
✓ Improved Health and Nutrition
✓ Reduced Vulnerability

HEALTH & YOUTH DEVELOPMENT

SYA engages youth and communities through:

1) School Health Programmes
2) Adolescent Awareness Campaigns
3) Road Safety Initiatives
4) Tobacco Control Advocacy
5) Sexual & Reproductive Health Rights Advocacy

These interventions contribute to healthier, safer, and more informed communities.

PARTNERSHIP & FUTURE VISION

Why Partner With SYA?

1) **Proven Experience:** More than four decades of successful programme implementation and community engagement.
2) **Community Trust:** Strong acceptance and credibility among rural communities built through consistent grassroots presence.
3) **Technical Expertise:** Experienced in water governance, climate resilience, sustainable livelihoods, women's empowerment, child protection, health promotion, and institutional strengthening.
4) **Accountability & Transparency:** Robust systems for financial management, monitoring, evaluation, reporting, and compliance ensure donor confidence and effective programme delivery.
5) **Sustainability-Oriented Approach:** Strong emphasis on local ownership, community institutions, and long-term development outcomes.

OUR STRATEGIC PRIORITIES (2026-2030)

🌍 **Climate Resilience & Adaptation:** Building climate-ready communities capable of managing environmental risks.

💧 **Water Security & Governance:** Promoting sustainable water resource management and community-led governance.
